

**DirectCourse**  
ONLINE CURRICULA FOR LIFE IN COMMUNITY

# Exceptional training for the direct service workforce.

## What is DirectCourse?

DirectCourse is trusted training that's built on the latest research and delivered online via a powerful learning management system (LMS). It gives you the ability to easily access, customize, track and assess training across your staff. DirectCourse is your answer to a more efficient, more cost-effective organization – helping you quickly build a staff that improves the lives of the people they work with and support, while meeting compliance requirements and reducing liability.

## What makes us different?

### The best content.

We partner with industry experts to create content based on the latest leading research. To write and refine our content, we work with university centers supported by the National Institute on Disability, Independent Living and Rehabilitation Research.

### A trusted platform.

We use our own learning management system, Elsevier Performance Manager, to make learning simple and help you meet compliance standards.

## DirectCourse has you covered.

- Expert Content
- Compliance Tracking
- Customizable Training

**"DirectCourse has made it possible for our association to increase the level of access service providers statewide have to high quality training."**

– Ben Woodworth, Director of Training, Iowa Association of Community Providers
