Resources
V-Safe

A smartphone-based tool that uses text messaging and web surveys to give personalized health check-ins after patients receive a COVID-19 vaccine, found here

- Used to monitor vaccine safety
- Sends out vaccine reminders
- Does not give medical advice
- Cannot schedule COVID-19 vaccination appointments
- Not an official record of being vaccinated against COVID-19
Resources for people with disabilities

CDC Website

• Videos
• Social Stories - available in English and Spanish
  • How I get my COVID-19 shot
  • How I get my COVID-19 booster shot
The Disability Information and Access Line (DIAL) connects callers to information about how to access the COVID-19 vaccine and related supports for people with disabilities.

DIAL connects callers to vaccine sites and provides information related to barriers to vaccination by referring callers to local and national disability resources.

Call 888-677-1199 from 8:00 AM to 7:00 pm or email DIAL@n4a.org. For more information, visit acl.gov/dial.
