

73RD ANNUAL CONVENTION

Reimagining Expectations

April 19-20, 2023

Wednesday, April 19, 2023
10:45 a.m. - 12:15 p.m.

“My Disability Roadmap for an Inclusive Life” **Presented by Dan and Samuel Habib**

Before Samuel Habib was diagnosed with a disability at age 1, the Habib family rarely thought about the inclusion of people with disabilities. Since then, they have advocated for Samuel's inclusion nearly every day – in their schools, city, and even in their extended family. Now Samuel is leading the advocacy charge for his own life. Samuel, 21, is a student at his local community college in Concord, New Hampshire. In high school, Samuel was on the school yearbook staff, the school television station, and played “Unified Sports” track, basketball, and soccer. Samuel is working towards a career as a multi-media storyteller in film and other mediums. Yet he still faces challenges on many levels due to his rare GNAO1 neurodevelopmental disorder, including periodic seizures, movement disorders, hospitalizations, fatigue and the inaccessible homes of his extended family and friends. **Samuel and Dan Habib will share their new short film, My Disability Roadmap, and discuss how they have tried to build a culture of inclusion in their family, school district, and community, and plan for a full adult life as Samuel enters his 20's.**

Thursday, April 20, 2023
10:45 a.m. - 12:00 p.m.

“Federal Policy and Individual Advocacy - A Place for All ”

Presented by Marty Ford

Marty Ford is one of the nationally recognized leaders in federal public policy affecting people with disabilities, with over 35 years of experience in long term services and supports, Medicaid, and Social Security disability issues. She has testified numerous times before Congress, has been a resource to the press, and a mentor to many throughout her years of work on behalf of people with IDD. What many people do not know is that the inspiration behind her years of tireless advocacy is her brother, Jud, and her family's journey to support him at home when the common recommendation by physicians was to send him to an institution. Marty will share her family's journey to support Jud, including how this impacted her career trajectory, and how The Arc has impacted the lives of many as a result of her work. Afterward, Marty will sit down with Amie Lulinski for Q &A.
