# EP!C HOST HOME

Community Living. Independent Environment.

## EMPOWERING

We support people ages 18+ with intellectual and developmental disabilities and their families with unique educational, residential, employment, and care programs **tailored to each individual's** abilities and needs.

## INSPIRING

We help the people we support find a home to encourage **INDEPENDENCE** in the least restrictive environment. We look for Providers that are **PASSIONATE** about making a difference in the life of a person with disabilities from within their home.

## IMPACTING

Host Homes participants become immersed in both community and family life. Individuals are **matched** to Providers to ensure a good fit for both parties. In this setting you can be a self-advocate and still receive the supports you need. We want you to love where you live and this program really is **the best of both worlds.**

"The Host Homes program allows Gretel to **live more independently like any other 25 year old, far more than anyone in our family ever dreamed she would be.** She has pride in herself for what she has accomplished, and in the phone conversations we have she is excited to share what is going on in her life. **The wonderful things go on and on."**

-Dr. Sally Jo Winek,  
Parent of Host Home Individual
