

KNOW YOUR OPTIONS

BUILD YOUR FUTURE.

Knowing all of your options for housing, services, and supports can feel overwhelming.

The **Know Your Options Video Series**, created in partnership with the Illinois Department of Human Services, Division of Developmental Disabilities, helps individuals with intellectual and developmental disabilities, families, and supporters learn about living options and make choices that fit their needs, goals, and future.

Learn more about your options. Scan or click the link to **watch the video**. Short videos focused on each option will be available soon.

Know Your Options

CILA: Community Integrated Living Arrangements

- Small community homes (2-8 people)
- 24-hour staff support
- Help with meals, personal care, and routines
- Home-like environment with shared decision making

ICILA: Intermittent CILA

- Your own apartment or shared home
- Staff visits as needed
- More independence with a safety net

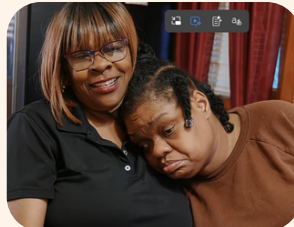

Host Homes

- Live with a family in their home
- Family-supported environment all day and night
- Focus on relationships, stability, and comfort

Home-Based Services (HBS)

- Select your own supports
- Personal care, transportation, and daily living
- Can be in your home or family home
- Parents may serve as Personal Support Workers when the individual is age 18+

ICF/DD - Intermediate Care Facilities

- 24-hour skilled support
- Structured environment
- Best for individuals needing consistent clinical support

Services

Day & Employment Services

- Skill-building, hobbies, and community activities
- Volunteering and job training
- Supported employment opportunities

Supports

Therapies & Supports

- Physical, Occupational, Speech & Behavior therapy
- Technology & home modifications
- Transportation for appointments, jobs, and activities
